## PREFACE

*Alhamdulillah* *rabbil' alamiin*, It is only Allah SWT, The Most Gracious, The Most Merciful, who deserves to be praised by all creatures Who allows me to complete the research paper entitled “Textual Meaning in Song Lyrics” I won’t ever let myself turn away from Him since I do realize I will never ever find any space to hide from His sight .Blessing and peace are heading to Muhammad SAW, who is The Greatest Messenger and The Noblest Leader.

This research paper is composed originally for the purpose of partially fulfilling the requirements of *Sarjana Pendidikan* degree. The process of writing this research paper inquires me to understand many aspects that are needed in academic writing. For the reason, this condition leads me into condition in which I deserve to be crowned ‘S.Pd.’ as a title written after my name. Nevertheless, this process has enriched me with many things that force me to think profoundly for the rest of my life. Hopefully, the lesson from this process makes me well-prepared to face real-life situations outside campus.

Many efforts have been done and this is the best I can do up to now. I do realize that the process of learning should not be plunged in one phase. This is not the end of my learning process. Any weakness in any part of this writing suggests the limitation of my thinking ability at present. Later, it must be a truthful lesson for me to do better. I do hope this research paper may become a beneficial contribution for the reader.
