TABLE OF CONTENT ...............................................................vii
LIST OF TABLES ...........................................................................x
LIST OF APPENDICES ..............................................................xi

CHAPTER I. INTRODUCTION ......................................................1
  1.1 Background of the Study ..................................................1
  1.2 Research Questions .........................................................2
  1.3 Research Variable .............................................................2
  1.4 Aims of the Research .......................................................3
  1.5 Research Significance .....................................................3
  1.6 Definition of the Terms ...................................................4
  1.7 The Structure of This Thesis ............................................5

CHAPTER II. REVIEW OF RELATED LITERATURE .....................6
  2.1 The Nature of Reading .....................................................6
  2.2 Reading Comprehension ................................................9
  2.3 Reading Comprehension Assessment ...............................11
  2.4 Teaching Reading Comprehension ...................................13
      2.4.1 Three Phase Technique ...........................................14
  2.5 Questioning in Teaching Reading Comprehension ............16
      2.5.1 Question in Advance (Pre-reading Activities) ............16
      2.5.2 The Function of Questioning .................................17
      2.5.3 Questioning in the Classroom Interaction ...............18
  2.6 Types of Teacher Questions ..........................................20
2.7 Kind and Form of Questions.................................................22
2.8 Assessing Questions......................................................24
2.9 The Grammar Translation Method..................................26
2.10 Previous Research on Questioning Techniques in Teaching
Reading.................................................................29
2.11 Conclusion.................................................................32

CHAPTER III. RESEARCH METHODOLOGY..........................33
3.1 Research Design...........................................................33
3.2 Data Collection............................................................36
  3.2.1 The Population, Setting, and Sample of Research..........37
  3.2.2 Instrumentation......................................................38
    3.2.2.1 Instrument for Scoring ..................................38
    3.2.2.2 Instrument for Treatment ................................39
  3.2.3 The Application of Questioning Techniques...............39
    3.2.3.1 Instructional Activities..................................40
  3.2.4 Treatment..............................................................41
    3.2.4.1 Teaching Reading Procedures and Materials of Question-
ing Techniques for Experimental Group.........................41
    3.2.4.2 Teaching Reading Procedures and Materials for Control
Group.................................................................49
  3.3 The Schedule of Treatment........................................50
  3.4 Data Analysis............................................................51
    3.4.1 Technique, Instrument of Collecting Data, and Data Interpret-
ation.................................................................51
    3.4.2 The Technique of Analyzing Data ..........................52
      3.4.2.1 Score Data Analysis ..................................52
      3.4.2.2 Hypothesis Testing ....................................53

CHAPTER IV. DATA PRESENTATION AND ANALYSIS..............54
  4.1 The Result of Try-out................................................54
4.1.1 Validity of the Test ........................................54
4.1.2 Reliability of the Test ......................................55
4.1.3 Test Items Difficulty .......................................55

4.2 The Result of t-test for Reading Comprehension Test ...............56
4.2.1 The Pretest and Post-test Gained from the Experimental Group ...56
4.2.2 The Pretest and Posttest Scores Gained from the Control Group. 59

4.3 The Hypothesis Testing .........................................64
4.3.1 Comparative Analysis of Pretest and Post-test scores of the
   Experiment Group ...........................................64
4.3.2 Comparative Analysis of Pretest and Post-test scores of the
   Control Group ..............................................65
4.3.3 Comparative Analysis of Pretest Scores of Experimental and
   Control Group ................................................66
4.3.4 Comparative Analysis of Post-test of Experimental and Control
   Group ..........................................................68

4.4 Interpretation to the Students’ Responses in the Questionnaire ....70
4.5 Discussion of the Research Finding ................................74
4.5.1 The Implementation of Questioning Technique in Teaching
   Reading Comprehension ......................................75

4.6 Conclusion ....................................................77

CHAPTER V. THE CONCLUSIONS AND RECOMMENDATIONS ........78
5.1. The Conclusions ..............................................78
5.2. Recommendations ............................................79

Bibliography .......................................................81
