BAB 1 PENDAHULUAN ..................................................................................................... 1
1.1 Latar Belakang Masalah Penelitian ............................................................................... 1
1.2 Identifikasi Masalah Penelitian .................................................................................... 2
1.3 Batasan Masalah Penelitian .......................................................................................... 3
1.4 Rumusan Masalah Penelitian ....................................................................................... 3
1.5 Tujuan Penelitian ........................................................................................................ 3
1.6 Manfaat Penelitian ..................................................................................................... 4
   1.6.1 Teoretis .................................................................................................................. 4
   1.6.2 Praktis .................................................................................................................. 4

BAB 2 LANDASAN TEORETIS ......................................................................................... 5
2.1 Pembelajaran Menulis Teks Eksposisi ....................................................................... 5
   2.1.1 Pengertian Teks Eksposisi .................................................................................... 5
   2.1.2 Struktur Teks Eksposisi ........................................................................................ 6
   2.1.3 Kaidah Teks Eksposisi .......................................................................................... 7
   2.1.4 Menulis Teks Eksposisi ....................................................................................... 8
   2.1.5 Tahap Penulisan .................................................................................................. 9

Trisna Adi Pratama, 2014
Penerapan teknik bercerita berpasangan Dalam pembelajaran menulis b teks eksposisi
(ekskperimen semu terhadap siswa kelas vii smpn 1 cimahi
Tahun ajaran 2013/2014)
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu

BAB 3 METODOLOGI PENELITIAN ................................................................. 14

3.1 Metode Penelitian ........................................................................ 14
3.2 Desain Penelitian ........................................................................ 15
3.3 Sumber Data Penelitian .............................................................. 15
   3.3.1 Populasi ............................................................................. 15
   3.3.2 Sampel ............................................................................... 15
3.4 Definisi Operasional ..................................................................... 15
3.5 Teknik Pengumpulan Data .............................................................. 16
   3.5.1 Penilaian Proyek .................................................................. 16
   3.5.2 Observasi .......................................................................... 16
3.6 Instrumen Penelitian ....................................................................... 16
   3.6.1 Format Penilaian Proyek ..................................................... 17
   3.6.2 Lembar Observasi ............................................................... 18
   3.6.3 Kriteria Penilaian Menulis Teks Eksposisi ........................... 21
3.7 Teknik Pengolahan Data ................................................................... 22
   3.7.1 Pengolahan Data Hasil Tes .................................................. 22
   3.7.2 Pengolahan Data Hasil Observasi ........................................ 23

BAB 4 DESKRIPSI HASIL PENELITIAN DAN PEMBAHASAN ................................. 24

4.1 Deskripsi, Analisis, dan Pembahasan Hasil Penelitian ....................... 24
   4.1.1 Data Prates ........................................................................ 25
