## KATA PENGANTAR

Segala puji dan syukur kepada Allah SWT atas rahmat dan hidayah-Nya, sehingga penulis dapat menyelesaikan skripsi yang berjudul “IMPLEMENTASI METODE COGNITIVE WALKTHROUGH DAN GAME EXPERIENCE QUESTIONNAIRE UNTUK PENGUKURAN USER EXPERIENCE GAME NUSANTARA QUEST (STUDI KASUS: SMP MUTIARA BUNDA)”. Penulisan skripsi merupakan salah satu syarat untuk memperoleh gelar Sarjana Komputer pada Program Studi Rekayasa Perangkat Lunak.

Proses penyusunan skripsi ini tentu tidak terlepas dari berbagai hambatan dan tantangan. Namun demikian, banyak pihak yang telah memberikan dukungan, bimbingan, dan motivasi sehingga penulis dapat menyelesaikannya. Dengan kerendahan hati, penulis ingin menyampaikan rasa terima kasih yang sebesar-besarnya kepada:

1. Cinta pertama dan panutanku, Babap Tony dan pintu surgaku Bubup Nia. Terima kasih atas segala pengorbanan serta kebaikan hati yang tak terhingga. Tiang penopang kehidupan, sumber doa, kasih sayang, dan motivasi tanpa henti, tanpa kalian perjalanan ini tidak akan pernah sampai ke titik ini.
2. Adik laki-laki tercinta, Abang Mika. Terima kasih telah menjadi penyemangat dan sahabat dalam setiap langkah penulis.
3. Bapak Mochamad Iqbal Ardimansyah, S.T., M.Kom., selaku Kepala Program Studi Rekayasa Perangkat Lunak Universitas Pendidikan Indonesia Kampus Cibiru. Terima kasih atas dukungan dan segala kemudahan yang telah diberikan dalam menyelesaikan studi ini.
4. Bapak Raditya Muhammad, S.T., M.T., selaku dosen pembimbing pertama yang dengan penuh kesabaran memberikan bimbingan, arahan, dan telah meluangkan waktu dalam mendampingi penulis selama proses penyusunan skripsi ini.
5. Ibu Yulia Retnowati, S.Pd., M.T., selaku dosen pembimbing kedua yang telah memberikan bimbingan dan masukan berharga dengan penuh

kesabaran serta meluangkan waktunya selama proses penyusunan skripsi ini.

6. Bapak Hendriyana, S.T., M.Kom., selaku dosen pembimbing akademik yang telah memberikan arahan dan dukungan selama perkuliahan hingga penyusunan skripsi.
7. Seluruh dosen Program Studi Rekayasa Perangkat Lunak, atas ilmu, pengalaman, dan inspirasi yang telah dibagikan.
8. Pihak Sekolah Mutiara Bunda, Pak Ade Fahrizal, Miss Kia, dan Bu Puspita Permatahati yang telah membuka pintu kesempatan dan memberikan izin untuk melakukan penelitian.
9. Cherry Adya Z, S.Kom., yang selalu memberikan keyakinan dan dukungan sehingga penulis mampu mencapai tahap ini. Kehadiranmu merupakan sumber kekuatan dan semangat yang sangat berharga bagi penulis.
10. Keluarga besar H. Entjup, yang selalu bersama penulis di setiap langkah kehidupan, menjadi sumber doa, dukungan, dan semangat yang tak ternilai. Terima kasih teruntuk Aa Oji, Teh Shifa, Dede Fairuz, dan seluruh anggota keluarga lainnya yang tidak dapat disebutkan satu per satu, kalian semua telah menjadi alasan penulis untuk terus bertahan dan melangkah hingga sampai pada titik ini.
11. Pihak-pihak lain yang tidak dapat disebutkan satu per satu, yang telah memberikan bantuan dan kontribusi berharga.
12. Terakhir, kepada diri saya sendiri yang telah berjuang dan berusaha untuk menempuh serta menyelesaikan pendidikan di Program Studi Rekayasa Perangkat Lunak. Terima kasih tetap memilih berusaha dan merayakan dirimu sendiri sampai di titik ini.

Bandung, 10 Agustus 2025

**ABSTRAK**

Transformasi pembelajaran berbasis digital membuka peluang menghadirkan media pendidikan yang lebih interaktif dan sesuai kebutuhan generasi saat ini. Salah satu tantangan utama dalam pembelajaran Pendidikan Pancasila di tingkat SMP adalah sifat materi yang cenderung abstrak, sehingga siswa kurang termotivasi untuk mempelajarinya, sehingga diperlukan media pembelajaran inovatif yang mampu meningkatkan pemahaman dan minat belajar. Penelitian ini bertujuan menganalisis pengalaman pengguna dalam menggunakan Nusantara Quest, sebuah *game* edukasi interaktif yang dirancang sebagai media *pre-learning* Pendidikan Pancasila, dengan fokus pada dua aspek utama yaitu kemudahan penggunaan melalui metode *Cognitive Walkthrough* dan tingkat keterlibatan serta kepuasan siswa melalui *Game Experience Questionnaire* (GEQ). Pendekatan penelitian menggunakan metode *Research and Development* (R&D) dengan kerangka kerja *Game Development Life Cycle* (GDLC) model Rido Ramadan, dengan responden berjumlah 30 siswa kelas VII SMP Mutiara Bunda untuk GEQ, serta 5 orang *gamers* di Kota Bandung untuk *Cognitive Walkthrough*. Hasil penelitian menunjukkan tingkat keberhasilan penyelesaian tugas sebesar 92% dengan *error rate* 4% dan waktu relatif efisien, yaitu 400–700 detik. Evaluasi melalui GEQ menghasilkan skor rata-rata 81,7 (Sangat Baik), dengan keunggulan pada dimensi kompetensi dan keterlibatan (*Core Module* dan *In-Game Module*), sementara aspek *Social Presence* dan *Post Game* masih memerlukan pengembangan lebih lanjut. Temuan penelitian ini menegaskan bahwa Nusantara Quest mampu mendukung pembelajaran Pendidikan Pancasila dengan menghadirkan pengalaman belajar yang lebih menarik, mudah diakses, dan menyenangkan.

**Kata kunci:** Pendidikan Pancasila, *Game* Edukasi, *Cognitive Walkthrough*, *Game Experience Questionnaire* (GEQ), Nusantara Quest.

**IMPLEMENTATION OF COGNITIVE WALKTHROUGH AND GAME  
EXPERIENCE QUESTIONNAIRE METHODS FOR USER EXPERIENCE  
MEASUREMENT NUSANTARA QUEST GAME (CASE STUDY: MUTIARA  
BUNDA JUNIOR HIGH SCHOOL)**

**ABSTRACT**

*Digital-based learning transformation opens up opportunities to provide more interactive educational media that are tailored to the needs of the current generation. One of the main challenges in teaching Pancasila at the junior high school level is the abstract nature of the material, which tends to demotivate students, thus requiring innovative learning media that can improve understanding and interest in learning. This study aims to analyse user experiences in using Nusantara Quest, an interactive educational game designed as a pre-learning medium for Pancasila education, with a focus on two main aspects, namely ease of use through the Cognitive Walkthrough method and the level of student engagement and satisfaction through the Game Experience Questionnaire (GEQ). The research approach used the Research and Development (R&D) method with the Game Development Life Cycle (GDLC) framework model by Rido Ramadan, with 30 seventh-grade students from Mutiara Bunda Junior High School as respondents for the GEQ, and five gamers in Bandung City for the Cognitive Walkthrough. The results of the study showed a task completion success rate of 92% with an error rate of 4% and relatively efficient time, namely 400–700 seconds. The evaluation through GEQ produced an average score of 81.7 (Very Good), with strengths in the dimensions of competence and engagement (Core Module and In-Game Module), while the aspects of Social Presence and Post Game still require further development. The findings of this study confirm that Nusantara Quest is capable of supporting Pancasila Education learning by providing a more interesting, accessible, and enjoyable learning experience.*

**Keyword:** Pancasila Education, Educational Game, Cognitive Walkthrough, Game Experience Questionnaire (GEQ), Nusantara Quest.
