BAB 1 PENDAHULUAN

1.1 Latar Belakang Masalah ........................................................................ 1

1.2 Batasan Masalah ..................................................................................... 3

1.3 Rumusan Masalah .................................................................................. 4

1.4 Tujuan Penelitian .................................................................................. 4

1.5 Manfaat Hasil Penelitian ...................................................................... 5

1.6 Sistematika Penulisan ........................................................................... 5

BAB 2 LANDASAN TEORI

2.1 Ihwal Kepribadian dan Eneagram ....................................................... 7

2.1.1 Kepribadian ....................................................................................... 7

2.1.2 Eneagram .......................................................................................... 7

2.2 Pola Asuh Anak .................................................................................... 11

2.3 Sistem Pakar ......................................................................................... 12
BAB 3 METODOLOGI PENELITIAN

3.1 Metode Penelitian .................................................................................. 21
3.2 Prosedur Penelitian ............................................................................... 21
   3.2.1 Potensi dan Masalah ........................................................................ 22
   3.2.2 Pengumpulan Informasi ................................................................... 22
   3.2.3 Desain Penelitian ........................................................................... 23
