KATA PENGANTAR ................................................................................................... iii
UCAPAN TERIMA KASIH ........................................................................................ iv
DAFTAR ISI ............................................................................................................. vi
DAFTAR TABEL ......................................................................................................... viii
DAFTAR GAMBAR .................................................................................................... ix
DAFTAR LAMPIRAN ................................................................................................. x

BAB I PENDAHULUAN ............................................................................................. 1
    A. Latar Belakang Masalah .................................................................................... 1
    B. Identifikasi Masalah ....................................................................................... 3
    C. Batasan Masalah ............................................................................................ 3
    D. Rumusan Masalah ......................................................................................... 3
    E. Tujuan Penelitian .......................................................................................... 4
    F. Manfaat Penelitian ....................................................................................... 4
    G. Struktur Organisasi ...................................................................................... 4

BAB II KAJIAN PUSTAKA ......................................................................................... 6
    A. Pembelajaran .................................................................................................. 6
    B. Model Pembelajaran ....................................................................................... 7
    C. Model Pembelajaran Berbaisis Produksi ..................................................... 7
    D. Kompetensi Dasar ....................................................................................... 12

BAB III METODOLOGI PENELITIAN ................................................................. 17
    A. Waktu dan Tempat Penelitian ..................................................................... 17
    B. Subyek Penelitian ......................................................................................... 17
    C. Metode Penelitian ........................................................................................ 17
    D. Definisi Operasional ................................................................................... 17
E. Instrumen Penelitian ................................................................. 18
F. Prosedur Penelitian ................................................................. 19
G. PengujianSoal Tes ................................................................. 21
H. Analisis Data ......................................................................... 26

BAB IV HASIL DAN PEMBAHASAN ................................. 28
A. Hasil Penelitian ........................................................................ 28
   1. Pelaksanaan Penerapan Model Pembelajaran Berbasis Produksi 28
   2. Hasil Tes Tertulis .................................................................. 54
B. Pembahasan Penelitian .............................................................. 56

BAB V SIMPULAN DAN SARAN ............................................ 64
A. Simpulan .................................................................................. 64
B. Saran ....................................................................................... 65

LAMPIRAN .................................................................................. 71
DAFTAR TABEL

Tabel 2.1 Operasional Kegiatan Guru dan Siswa selama Pembelajaran ...... 11
Tabel 3.1 Kriteria Korelasi Validitas ................................................................. 21
Tabel 3.2 Kriteria Reliabilitas Soal ................................................................. 23
Tabel 3.3 Kriteria Tingkat Kesukaran .............................................................. 24
Tabel 3.4 Kriteria Daya Pembeda ................................................................. 25
Tabel 3.5 Kualifikasi Hasil Skor Observasi ...................................................... 26
Tabel 4.1 Hasil Observasi Pembuatan Susu Kedelai ........................................ 43
Tabel 4.2 Hasil Observasi Pengemasan Susu Kedelai ....................................... 45
Tabel 4.3 Hasil Observasi Pemasaran Susu Kedelai ......................................... 53
Tabel 4.4 Hasil Tes Siswa .............................................................................. 54
Tabel 4.5 Hasil Tes Tertulis Tiga Pertemuan .................................................... 55
Tabel 4.6 Hasil Observasi Kegiatan Pembelajaran Guru .................................... 57
