DAFTAR LAMPIRAN ...................................................................................... xi

BAB I PENDAHULUAN

A. Latar Belakang Penelitian ................................................................. 1
B. Rumusan Masalah Penelitian .......................................................... 6
C. Tujuan Penelitian .................................................................................. 6
D. Manfaat Penelitian ............................................................................... 7
E. Pembatasan Penelitian ......................................................................... 7
F. Definisi Operasional ............................................................................. 7
G. Struktur Organisasi Skripsi ................................................................. 8

BAB II KAJIAN PUSTAKA, KERANGKA PEMIKIRAN DAN HIPOTESIS PENELITIAN

A. Kajian Pustaka ....................................................................................... 10
  1. Hakikat Permainan Sepak Bola .................................................... 10
  2. Hakikat Latihan .............................................................................. 11
  3. Hakikat Latihan Fisik .................................................................... 18
  4. Hakikat Metode ............................................................................. 22
  5. Hakikat Metode Latihan ............................................................... 23
  6. Hakikat Metode Repetisi ............................................................... 24
  7. Hakikat Latihan Kelincahan .......................................................... 25

Ajsaka Mahendra, 2015
PENGARUH BENTUK LATIHAN ENVELOPE RUN DAN LATIHAN BOOMERANG RUN DENGAN METODE LATIHAN REPETISI TERHADAP PENINGKATAN KELINCAHAN PEMAIN SEPAK BOLA
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
BAB III PROSEDUR PENELITIAN
A. Metode Penelitian .................................................. 39
B. Lokasi Subjek Penelitian, Populasi dan Sampel Penelitian
   1. Lokasi Penelitian ............................................. 39
   2. Populasi dan Sampel Penelitian ............................ 40
C. Desain Penelitian .................................................... 41
D. Instrumen Penelitian .................................................. 42
E. Pelaksanaan Latihan ................................................... 45
F. Prosedur Pengolahan dan Analisis Data ...................... 46
   1. Deskripsi Data .................................................. 46
   2. Uji Normalitas .................................................. 46
   3. Uji Homogenitas ............................................... 47
   4. Uji Hipotesis ..................................................... 47

BAB IV HASIL PENELITIAN DAN PEMBAHASAN
A. Hasil Penelitian ..................................................... 49
   1. Hasil Penghitungan Jumlah, Nilai Rata-rata dan
      Simpangan Baku ............................................... 49
   2. Uji Normalitas .................................................. 50
   3. Uji Homogenitas ............................................... 50
   4. Hasil Pengujian Hipotesis Penelitian ...................... 51
B. Diskusi Penemuan ................................................... 52

BAB V KESIMPULAN DAN SARAN
A. Kesimpulan .......................................................... 56
B. Saran .............................................................................. 56
DAFTAR PUSTAKA ............................................................... 58
DAFTAR LAMPIRAN ............................................................. 60

DAFTAR TABEL
