DAFTAR ISI

ABSTRAK........................................................................................................i
KATA PENGANTAR..........................................................................................ii
DAFTAR ISI......................................................................................................iii
DAFTAR TABEL.................................................................................................iv
DAFTAR GAMBAR DAN DIAGRAM.................................................................v
DAFTAR LAMPIRAN..........................................................................................vi

BAB I PENDAHULUAN..................................................................................1
A. Latar Belakang Penelitian...........................................................................1
B. Identifikasi Masalah Penelitian.................................................................4
C. Rumusan Masalah Penelitian.................................................................4
D. Tujuan Penelitian......................................................................................4
E. Manfaat Penelitian....................................................................................5
F. Struktur Penulisan Skripsi........................................................................5

BAB II KAJIAN PUSTAKA.............................................................................7
A. Pendekatan Lingkungan............................................................................7
1. Pengertian Pendekatan Lingkungan.......................................................7
2. Jenis-Jenis Lingkungan...........................................................................8
3. Fungsi Lingkungan.................................................................................8
4. Prinsip-Prinsip pendekatan Lingkungan.............................................9
5. Kelebihan dan kekurangan Pendekatan Lingkungan.......................9
B. Pembelajaran Bahasa Indonesia di SD...................................................10
C. Menulis...................................................................................................12
1. Pengertian Menulis..............................................................................12
2. Tujuan Menulis.....................................................................................12
3. Nilai dan Manfaat Menulis.................................................................13
4. Jenis-Jenis Tulisan................................................................................15
D. Sastra Anak............................................................................................16
1. Pengertian Sastra Anak......................................................................16
2. Tujuan Sastra Anak............................................................................17
3. Manfaat Sastra Anak..........................................................................18
4. Macam-Macam Sastra Anak.............................................................18
E. Puisi Anak...............................................................................................19
1. Pengertian Puisi....................................................................................19
2. Karakteristik Puisi Anak....................................................................20
3. Unsur Puisi..........................................................................................20
4. Macam Puisi Anak...............................................................................22
F. Penerapan Pendekatan Lingkungan dalam Pembelajaran Menulis

Neng Siti Nurhayati Syarifah, 2014
PENERAPAN MODEL COOPERATIVE LEARNING TIPE JIGSAW DALAM UPAYA MENINGKATKAN MOTIVASI SISWA PADA PEMBELAJARAN IPS DI SEKOLAH DASAR
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
BAB III METODE PENELITIAN.........................................................28

A. Metode Penelitian............................................................................28
   1. Perencanaan..................................................................................29
   2. Tindakan.......................................................................................29
   3. Observasi.....................................................................................29
   4. Refleksi......................................................................................30

B. Desain Penelitian................................................................................30

C. Lokasi dan Subjek Penelitian.................................................................31
   1. Keadaan lokasi Penelitian..........................................................31
   2. Kondisi Sarana Fisik....................................................................32
   3. Guru.........................................................................................32
   4. Peserta Didik.............................................................................33

D. Definisi Operasional..............................................................................34
   1. Hasil Belajar.............................................................................34
   2. Pendekatan Lingkungan.............................................................34
   3. Keterampilan Menulis Puisi.........................................................35

E. Instrumen Penelitian............................................................................35

F. Teknik Pengumpulan Data.................................................................36

G. Analisis Data..................................................................................36
   1. Data Kualitatif...........................................................................37
   2. Data Kuantitatif.........................................................................37

BAB IV HASIL PENELITIAN DAN PEMBAHASAN.................................39

A. Deskripsi Awal Penelitian.................................................................39

B. Deskripsi Pelaksanaan Tindakan.........................................................43
   1. Tindakan Siklus I.......................................................................43
   2. Tindakan Siklus II.....................................................................56

C. Pembahasan Hasil Penelitian.............................................................68

BAB V KESIMPULAN DAN SARAN.........................................................73

A. Kesimpulan..................................................................................73

B. Saran..........................................................................................73

DAFTAR PUSTAKA...............................................................................75

LAMPIRAN-LAMPIRAN........................................................................77

RIWAYAT HIDUP PENULIS

Neng Siti Nurhayati Syarifah, 2014
PENERAPAN MODEL COOPERATIVE LEARNING TIPE JIGSAW DALAM UPAYA MENGATUR MOTIVASI SISWA PADA PEMBELAJARAN IPS DI SEKOLAH DASAR
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
