PERNYATAAN .................................................................................................................. i
KATA PENGANTAR ........................................................................................................... ii
UCAPAN TERIMA KASIH ................................................................................................... iii
ABSTRAK .......................................................................................................................... v
DAFTAR ISI ....................................................................................................................... vii
DAFTAR TABEL ................................................................................................................. x
DAFTAR GRAFIK ............................................................................................................... xii
DAFTAR GAMBAR ............................................................................................................. xiii

BAB I PENDAHULUAN
A. Latar Belakang Masalah Penelitian ............................................................................. 1
B. Rumusan Masalah Penelitian ....................................................................................... 5
C. Tujuan Penelitian ......................................................................................................... 6
D. Manfaat Penelitian ....................................................................................................... 7
E. Struktur Organisasi Skripsi ......................................................................................... 7

BAB II MODEL PEMBELAJARAN KOOPERATIF DAN KEMAMPUAN BERTANYA
A. Model Pembelajaran Kooperatif ............................................................................... 9
   1. Pengertian Model Pembelajaran Kooperatif ............................................................. 9
   2. Tujuan Model Pembelajaran Kooperatif ................................................................. 10
   3. Karakteristik Model Pembelajaran Kooperatif ....................................................... 11
   4. Langkah-langkah Model Pembelajaran Kooperatif .............................................. 12
B. Kemampuan Bertanya ................................................................................................. 13
   1. Pengertian Kemampuan Bertanya ........................................................................ 13
   2. Jenis-jenis Pertanyaan ......................................................................................... 14
   3. Fungsi dan Prinsip Bertanya ............................................................................... 20

BAB III METODE PENELITIAN

Chintia Devi Yurensi, 2015
PENERAPAN MODEL PEMBELAJARAN KOOPERATIF UNTUK MENINGKATKAN KEMAMPUAN BERTANYA
Universitas Pendidikan Indonesia | \.upi.edu perpustakaan.upi.edu
A. Metode Penelitian .................................................................23
B. Subjek Penelitian .................................................................25
C. Definisi Oprasional ...............................................................25
D. Instrumen Penelitian .............................................................25
   1. Angket .................................................................25
   2. Lembar Observasi ..........................................................27
   3. Catatan Lapangan ..........................................................31
   4. Pedoman Wawancara .......................................................32
   5. Jurnal Siswa ..................................................................42
   6. Tes Kemampuan Bertanya .................................................33
E. Teknik Pengolahan Data .........................................................39
   1. Analisis Data .................................................................39
   2. Kategori Data .................................................................41
   3. Interpretasi Data ...............................................................41
F. Kriteria Penilaian Kemampuan Bertanya .................................41

BAB IV HASIL PENELITIAN DAN PEMBAHASAN
A. Profil Awal Kemampuan Bertanya Siswa .................................45
B. Kendala yang Dihadapi Guru dan Siswa dalam Pembelajaran ............47
   1. Data Hasil Agket ............................................................47
C. Kebutuhan Guru dan Siswa dalam Pembelajaran ............................51
D. Siklus 1 .............................................................................51
   1. Perencanaan Pembelajaran Siklus 1 ....................................51
   2. Pelaksanaan Pembelajaran Siklus 1 ....................................52
   3. Analisis Pengamatan Pembelajaran Siklus 1 .........................54
      a. Hasil Pengamatan Aktifitas Guru ....................................54
      b. Hasil Pengamatan Aktifitas Siswa ....................................57
   4. Analisis Hasil Tes Siswa Siklus 1 ..........................................60
      a. Kelompok Nilai Cukup ..................................................60
b. Kelompok Nilai Kurang .................................................................66

5. Refleksi Tindakan Siklus 1 .................................................................71

E. Siklus 2 .................................................................................................74
   1. Perencanaan Pembelajaran Siklus 2 ...............................................74
   2. Pelaksanaan Pembelajaran Siklus 2 .............................................74
   3. Analisis Pengamatan Siklus 2 .......................................................76
      a. Hasil Pengamatan Aktifitas Guru .............................................76
      b. Hasil Pengamatan Aktifitas Siswa .............................................80
   4. Analisis Hasil Tes Siswa Siklus 2 .................................................82
      a. Kelompok Nilai Baik Sekali ....................................................82
      b. Kelompok Nilai Baik ..............................................................87
      c. Kelompok Nilai Cukup ............................................................90
   5. Refleksi Tindakan Siklus 2 .............................................................96

F. Pembahasan Hasil Penelitian .............................................................97
   1. Kemampuan Siswa Mengajukan Pertanyaan ................................97
   2. Pendapat Siswa Mengenai Pembelajaran .....................................101
   3. Pembahasan ..............................................................................102

BAB V SIMPULAN, IMPLIKASI DAN REKOMENDASI

5.1 Simpulan dan Implikasi ................................................................105
5.2 Rekomendasi ................................................................................107
