UCAPAN TERIMA KASIH .................................................................................................... iii
ABSTRAK ............................................................................................................................ v
DAFTAR ISI ......................................................................................................................... vii
DAFTAR TABEL .................................................................................................................. ix
DAFTAR GAMBAR ............................................................................................................. xi
DAFTAR LAMPIRAN .......................................................................................................... xii

BAB I PENDAHULUAN ........................................................................................................ 1
A. Latar Belakang Masalah Penelitian .................................................................................. 1
B. Identifikasi Masalah .......................................................................................................... 6
C. Rumusan Masalah ............................................................................................................ 7
D. Tujuan Penelitian ............................................................................................................ 7
E. Manfaat Penelitian ........................................................................................................... 8
F. Struktur Organisasi Tesis ................................................................................................ 8

BAB II KAJIAN PUSTAKA ..................................................................................................... 10
A. Kemampuan Koneksi Matematis .................................................................................... 10
B. Model Pembelajaran Problem Based learning berbantuan TIK ........................... 15
C. Direc Teaching ................................................................................................................ 30
D. Teori Pembelajaran Matematika ..................................................................................... 33
E. Bagaimana Pembelajaran Problem Based Learning berbantuan TIK dapat Meningkatkan Kemampuan Koneksi Matematis ......... 39
F. Penelitian yang Relevan .................................................................................................. 41
G. Definisi Operasional ....................................................................................................... 42
H. Kerangka Pemikiran ....................................................................................................... 42
I. Hipotesis Penelitian ......................................................................................................... 44

BAB III METODE PENELITIAN .......................................................................................... 46
A. Desain Penelitian ............................................................................................................. 46

Dadan hermawan, 2016
PENGARUH PENERAPAN MODEL PEMBELAJARAN PROBLEM BASED LEARNING BERBANTUAN MEDIA TEKNOLOGI INFORMASI DAN KOMUNIKASI TERHADAP KEMAMPUAN KONEKSI MATEMATIS BELAJAR SISWA SEKOLAH DASAR
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
B. Partisipan ........................................................................................................47
C. Populasi dan Sample Penelitian .................................................................47
D. Instrumen .......................................................................................................48
   a. Validitas .......................................................................................................49
   b. Reliabilitas ....................................................................................................51
   c. Daya Pembeda .............................................................................................52
   d. Indeks Kesukaran .........................................................................................53
   e. Rekap data hasil analisis instrument .........................................................54
E. Prosedur Penelitian .........................................................................................55
F. Pengumpulan Data .........................................................................................57
G. Teknik Analisis Data ......................................................................................57

BAB IV HASIL PENELITIAN DAN PEMBAHASAN ....................................67
A. Hasil Penelitian ..............................................................................................67
   1. Analisis Deskripsi .......................................................................................67
   2. Analisis Data ................................................................................................69
B. Pembahasan .....................................................................................................87

BAB V SIMPULAN DAN SARAN .....................................................................96
A. Simpulan .........................................................................................................96
B. Saran ...............................................................................................................96

DAFTAR PUSTAKA ............................................................................................98

LAMPIRAN-LAMPIRAN
A. Alat Pengumpul Data dan Pengolahan .......................................................93
B. Data Penelitian ..............................................................................................142
C. Alat Kelengkapan Tesis .................................................................................180

BIODATA PENULIS ........................................................................................184
