BAB II. KAJIAN PUSTAKA, KERANGKA PIKIR PENELITIAN DAN HIPOTESIS PENELITIAN .............................................................................. 11
A. KAJIAN PUSTAKA ....................................................................................... 11
   1. Kapasitas Manajemen Pendidikan Tinggi .......................................... 11
      a. Makna Kapasitas Manajemen .......................................................... 11
      b. Dimensi Kapasitas Organisasi .......................................................... 12
      c. Esensi Pengembangan Kapasitas Manajemen ............................... 15
      d. Evaluasi Pengembangan Kapasitas Manajemen .......................... 19
      e. Manajemen Pendidikan Tinggi ...................................................... 22
      f. Gejala Promosi Pada Pendidikan Tinggi ................................................ 25
   2. Pemasaran Jasa Pendidikan ................................................................. 27
      a. Konsep Pemasaran Jasa dalam Pendidikan .................................. 27
         1) Pengertian Pemasaran Jasa ...................................................... 27
2) Pengertian Pemasaran Jasa Pendidikan ................................. 28
3) Dimensi Pemasaran Jasa Pendidikan ................................. 30
3. Mutu Pendidikan ...................................................................... 34
    a. Konsep Mutu Pendidikan ................................................. 34
    1) Pengertian Mutu .......................................................... 34
    2) Pengertian Mutu Pendidikan ........................................ 36
    3) Dimensi Mutu Pendidikan .............................................. 39
B. KERANGKA PIKIR PENELITIAN ............................................. 46
C. HIPOTESIS PENELITIAN ....................................................... 47

BAB III. METODE PENELITIAN ............................................... 48
A. Desain Penelitian, Partisipan, Populasi, dan Sampel Penelitian ...... 48
    1. Desain Penelitian ........................................................... 48
        a. Penelitian Deskriptif .................................................. 48
        b. Pendekatan Kuantitatif .............................................. 49
        c. Definisi Operasional .................................................. 49
    2. Partisipan dan Populasi Penelitian .................................... 51
        a. Lokasi Penelitian ...................................................... 51
        b. Partisipasi dan Populasi Penelitian ............................. 51
    3. Sampel Penelitian .......................................................... 52
B. Instrumen Penelitian, Prosedur Penelitian dan Analisis Data ........... 53
    1. Instrumen Penelitian ...................................................... 53
    2. Prosedur Penelitian ........................................................ 57
    3. Analisis Data ................................................................. 58
        a. Tahap Uji Coba Angket ............................................. 58
        b. Uji Validitas Instrumen ............................................. 59
        c. Uji Realibilitas Instrumen ..................................... 65
    4. Seleksi dan Klarifikasi Data .............................................. 67
    5. Uji Normalitas Distribusi Data ......................................... 69
    6. Uji Linieritas .................................................................. 70
    7. Menghitung Gambaran Umum Responden ............................ 70
8. Menguji Hipotesis Penelitian .................................................... 71
   a. Analisis Korelasi .............................................................. 72
   b. Analisis Signifikansi ....................................................... 73
   c. Analisis Koefisien Determinasi ........................................ 74
   d. Analisis Regresi Sederhana ............................................. 74

BAB IV. HASIL PENELITIAN DAN PEMBAHASAN ...................... 76
   A. Hasil Penelitian ................................................................ 76
      1. Deskripsi Variabel Penelitian ........................................ 76
      2. Analisis Data ................................................................. 88
      3. Penguji Persyaratan Uji Hipotesis ................................. 92
      4. Interpertasi Hasil Analisis ............................................. 108
   B. Pembahasan Hasil Penelitian ....................................... 109

BAB V KESIMPULAN DAN REKOMENDASI .............................. 119
   A. Kesimpulan ................................................................. 119
   B. Rekomendasi ................................................................. 121
