PERNYATAAN ............................................................................................................. i
KATA PENGANTAR .................................................................................................... ii
UCAPAN TERIMA KASIH ........................................................................................ iii
ABSTRAK ...................................................................................................................... v
DAFTAR ISI ................................................................................................................... vii
DAFTAR TABEL ............................................................................................................. x
DAFTAR GAMBAR ....................................................................................................... xi

BAB I PENDAHULUAN ................................................................................................. 1
   A. Latar Belakang ........................................................................................................... 1
   B. Rumusan Masalah .................................................................................................... 4
   C. Batasan Masalah ....................................................................................................... 5
   D. Variabel Penelitian ................................................................................................. 5
   E. Tujuan Penelitian .................................................................................................... 5
   F. Manfaat Penelitian ................................................................................................. 5

BAB II KAJIAN PUSTAKA .............................................................................................. 6
   A. Interactive Lecture Demonstration ........................................................................ 6
   B. Konsistensi Konsepsi ............................................................................................. 13
      1. Definisi Konsistensi Konsepsi ........................................................................ 13
      2. Hubungan Konsistensi Konsepsi dengan Miskonsepsi ................................. 14
      3. Penentuan Konsistensi Konsepsi dengan Three-Tier Test ......................... 16
   C. Kemampuan Kognitif .............................................................................................. 17
   D. Hubungan Model Interactive Lecture Demonstration, Konsistensi
      Konsepsi dan Kemampuan Kognitif .................................................................... 21
   E. Pokok Bahasan Gelombang Kelas XII SMA ......................................................... 22
BAB III METODE PENELITIAN ................................................... 32
A. Metode dan Desain Penelitian .............................................. 32
B. Populasi dan Sampel Penelitian ........................................... 32
C. Instrumen Penelitian .......................................................... 32
   1. Tes Konsepsi ................................................................... 33
   2. Tes Kemampuan Kognitif ................................................... 33
   3. Format Observasi ............................................................. 33
D. Prosedur Penelitian ............................................................. 33
E. Teknik Pengolahan dan Analisis Data ..................................... 37
   1. Teknik Analisis Uji Coba Instrumen .................................. 37
   2. Hasil Analisis Uji Coba Instrumen ..................................... 39
   3. Pengolahan Data Hasil Penelitian ...................................... 40

BAB IV HASIL DAN PEMBAHASAN PENELITIAN .................... 45
A. Pelaksanaan Penelitian ........................................................ 45
B. Pembahasan Penelitian ....................................................... 46
   1. Miskonsepsi .................................................................... 46
      a. Analisis Miskonsepsi Siswa ......................................... 46
      b. Pembahasan Miskonsepsi Siswa ................................... 48
   2. Konsistensi Konsepsi ....................................................... 51
      a. Analisis Data Konsistensi Konsepsi ............................. 51
      b. Pembahasan Konsistensi Konsepsi ............................... 52
   3. Peningkatan Kemampuan Kognitif ................................... 55
      a. Analisis Data Peningkatan Kemampuan Kognitif .......... 55
      b. Analisis Data Peningkatan Kemampuan Kognitif Tiap Level
         Kognitif ................................................................. 56
      c. Pembahasan Peningkatan Kemampuan Kognitif ............ 57
BAB V SIMPULAN DAN SARAN ........................................60
A. Simpulan ........................................................................................................60
B. Saran ........................................................................................................61

DAFTAR PUSTAKA ..........................................................................................62
LAMPIRAN-LAMPIRAN ..................................................................................68
DAFTAR TABEL

Tabel 2.1. Tahapan Interactive Lecture Demonstration ........................................ 11
Tabel 2.2. Kriteria Hasil Pemahaman Konsep three-tier test .......................... 16
Tabel 2.3. Skor Konsistensi Konsepsi ............................................................... 17
Tabel 2.4. Taksonomi Bloom Revisi ................................................................. 20
Tabel 2.5. Hubungan Model Interactive Lecture Demonstration dan Kemampuan Kognitif .......................................................... 22
Tabel 3.1. Desain Penelitian .............................................................................. 32
Tabel 3.2. Indeks Reliabilitas ............................................................................ 37
Tabel 3.3. Interpretasi Nilai Daya Pembeda .................................................... 38
Tabel 3.4. Interpretasi nilai P ............................................................................ 39
Tabel 3.5. Rekapitulasi Analisis Uji Coba Instrumen Tes Kemampuan Kognitif .................................................................................. 39
Tabel 3.6. Rekapitulasi Analisis Uji Coba Instrumen Tes Konsepsi ............... 40
Tabel 3.7. Interpretasi Keterlaksanaan Model Pembelajaran ......................... 41
Tabel 3.8. Kriteria Hasil Pemahaman Konsep Three-tier Test ....................... 42
Tabel 3.9. Skor Konsistensi Konsepsi ............................................................... 42
Tabel 3.10. Tiga Tingkat Konsistensi ................................................................. 43
Tabel 3.11. Interpretasi Nilai Gain Ternormalisasi ........................................... 44
Tabel 4.1. Keterlaksanaan Model Pembelajaran Interactive Lecture Demonstration .............................................................................. 46
Tabel 4.2. Persentase Jumlah Siswa yang Mengalami Miskonsepsi untuk Setiap Konsep ........................................................................ 47
Tabel 4.3. Persentase Empat Konsepsi Siswa ................................................. 48
Tabel 4.4. Konsistensi Konsepsi untuk Setiap Konsep ................................... 51
Tabel 4.5. Persentase Jumlah Siswa dalam Tiga Tingkat Konsistensi ........... 52
Tabel 4.6. Nilai Rata-rata Pretest dan Posttest dan n-gain untuk Kemampuan Kognitif .................................................................................. 55

Iis Nawati, 2016
PENERAPAN MODEL INTERACTIVE LECTURE DEMONSTRATION UNTUK KONSISTENSI KONSEPSI DAN MENINGKATKAN KEMAMPUAN KOGNITIF SISWA SMA PADA MATERI GELOMBANG MEKANIK
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
Tabel 4.7. Rata-rata gain untuk Tiap Level Kognitif ........................................ 56

DAFTAR GAMBAR

Gambar 2.1. Tahapan Sederhana dari Interactive Lecture Demonstration ..... 10
Gambar 2.2. Gelombang Tali ................................................................. 23
Gambar 2.3. (a) Gelombang Longitudinal dan (b) Gelombang Transversal ... 24
Gambar 2.4. Diagram Gelombang Transversal ...................................... 24
Gambar 2.5. Gelombang Berjalan pada Tali .......................................... 26
Gambar 2.6. Gelombang Stasioner dengan Ujung Terikat ....................... 27
Gambar 2.7. Gelombang Stasioner dengan Ujung Bebas ......................... 28
Gambar 2.8. Ilustrasi Alat Percobaan Melde ......................................... 29
