DAFTAR TABEL .......................................................................................................................................... ix
DAFTAR GAMBAR ....................................................................................................................................... x
DAFTAR GAMBAR ....................................................................................................................................... x
DAFTAR LAMPIRAN ..................................................................................................................................... xi
BAB I .............................................................................................................................................................. 1
PENDAHULUAN .......................................................................................................................................... 1
A. Latar Belakang Masalah ............................................................................................................................. 1
B. Rumusan Masalah ..................................................................................................................................... 5
C. Tujuan Penelitian ..................................................................................................................................... 6
D. Manfaat Penelitian ................................................................................................................................... 6
E. Struktur Organisasi Skripsi ...................................................................................................................... 7
BAB II ............................................................................................................................................................. 9
KAJIAN PUSTAKA ....................................................................................................................................... 9
A. Perilaku Asertif ......................................................................................................................................... 9
  1. Definisi Asertif ...................................................................................................................................... 9
  2. Faktor-Faktor yang Mempengaruhi Perkembangan Perilaku Asertif ..................................................... 11
  3. Perbedaan Perilaku Asertif, Non Asertif dan Agresif ............................................................................ 14
B. Perilaku Asertif dalam Pembelajaran IPS ................................................................................................. 18
C. Metode dalam pembelajaran IPS ........................................................................................................... 20
D. Pembelajaran Role Playing ..................................................................................................................... 21
  1. Tujuan bermain peran (Role Playing) .................................................................................................. 22
  2. Kelebihan metode role playing ........................................................................................................ 24
  3. Kelemahan metode role playing ....................................................................................................... 24
  4. Fase dan kegiatan role playing ........................................................................................................ 26
E. Penelitian Terdahulu ............................................................................................................................ 28
BAB III ........................................................................................................................................................... 32

Ratna aAyu Lestari, 2016
MENINGKATKAN KEMAMPUAN ASERTIF SISWA MELALUI METODE ROLE PLAYING DALAM PEMBELAJARAN IPS
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
METODE PENELITIAN ................................................................. 32
A. Lokasi Penelitian dan Subjek penelitian ........................................... 32
B. Metode penelitian ........................................................................ 32
C. Desain Penelitian ........................................................................ 34
D. Definisi Operasional ...................................................................... 36
  1. Perilaku Asertif .......................................................................... 36
  2. Metode Role Playing (Bermain Peran) ......................................... 37
E. Instrumen Penelitian ...................................................................... 38
  1. Peneliti Sendiri (Key Instrument) .................................................. 38
  2. Lembar pedoman observasi .......................................................... 39
  3. Catatan lapangan (field note) ....................................................... 41
  4. Daftar cek (chek list) ................................................................. 41
  5. Studi dokumentasi ....................................................................... 43
F. Teknik Pengumpulan Data .............................................................. 43
  1. Observasi .................................................................................. 43
  2. Catatan lapangan (field note) ....................................................... 43
  3. Daftar cek .................................................................................. 44
  4. Studi dokumentasi ....................................................................... 44
G. Teknik Analisis Data ...................................................................... 44
  1. Kuntitatif .................................................................................. 44
  2. Kualitatif .................................................................................. 45
H. Validitas data ................................................................................ 46
  1. Member chek ............................................................................ 46
  2. Saturasi ................................................................................... 46
  3. Expert Opinion, ........................................................................ 46
BAB IV HASIL PENELITIAN DAN PEMBAHASAN ......................... 47
A. Deskripsi Umum Lokasi Penelitian ................................................. 47
  1. Deskripsi Sekolah ..................................................................... 47
  2. Deskripsi Kelas Penelitian ............................................................ 48
B. Deskripsi Hasil Penelitian .............................................................. 49
  1. Kegiatan Pra Penelitian ............................................................... 49
  2. Pelaksanaan Tindakan ................................................................. 52
     a. Siklus I .................................................................................. 52
     b. Siklus II ............................................................................... 85
c. Siklus III.............................................................................................................. 110
C. Analisis Hasil Penelitian...................................................................................... 132
   1. Perencanaan Penggunaan Metode Role Playing dalam Pembelajaran IPS ................................................................................................................................. 132
   2. Penggunaan Metode Role Playing dalam Pembelajaran IPS untuk Meningkatkan Kemampuan Asertif Siswa .......................................................... 134
   3. Peningkatan Kemampuan Asertif Siswa Setelah Penggunaan Metode Role Playing .................................................... 136
   4. Kendala Yang Diahadapi dalam Penerapan Metode Role Playing Di Kelas VIII D SMP Negeri 7 Bandung ........................................................... 159
   5. Upaya dalam mengatasi kendala yang dihadapi dalam penerapan Metode role playing di kelas VIII D SMP Negeri 7 Bandung.............................. 160
BAB V KESIMPULAN, IMPLIKASI DAN REKOMENDASI ........................... 162
   A. Kesimpulan ........................................................................................................ 162
   B. Implikasi dan Rekomendasi ............................................................................ 164
