BAB I. PENDAHULUAN
1.1 Latar Belakang Penelitian ........................................................................... 1
1.2 Rumusan Masalah .................................................................................... 13
1.3 Tujuan Penelitian .................................................................................... 14
1.4 Manfaat Penelitian ................................................................................... 14

BAB II. TINJAUAN PUSTAKA
2.1 Tinjauan Pustaka ...................................................................................... 16
   2.1.1 Pemahaman Konsep .......................................................................... 16
   2.1.2 Teori Yang Melandasi Model Pembelajaran Kooperatif .................... 20
   2.1.3 Model Pembelajaran Kooperatif ....................................................... 31
   2.1.4 Model Pembelajaran Tipe TAI ......................................................... 40
   2.1.5 Model Pembelajaran Tipe STAD ...................................................... 43
   2.1.6 Penelitian Terdahulu ....................................................................... 47
   2.1.7 Posisi Penelitian .............................................................................. 50
2.2 Kerangka Berfikir ..................................................................................... 50
2.3 Hipotesis Penelitian ................................................................................ 55

BAB III OBJEK DAN METODE PENELITIAN
3.1 Metode Penelitian .................................................................................... 56
3.2 Desain Penelitian .................................................................................... 57
3.3 Tempat Dan Waktu Penelitian ................................................................. 57
3.4 Variabel Penelitian .................................................................................. 58
3.5 Alat Tes ................................................................................................... 62
3.6 Langkah Penelitian ................................................................................. 63
3.7 Analisis Alat Tes ..................................................................................... 65
3.8 teknik Pengolahan Data ......................................................................... 72

BAB IV HASIL PENELITIAN DAN PEMBAHASAN

4.1 Deskripsi Tempat Penelitian................................................................. 76
4.2 Deskripsi Subjek Penelitian ................................................................. 78
4.3 Deskripsi Pelaksanaan Penelitian ......................................................... 78
4.4 Analisis Deskriptif ................................................................................. 88
4.5 Deskripsi Hasil Penelitian ................................................................. 91
   4.5.1 Uji Normalitas .................................................................................. 91
   4.5.2 Uji Homogenitas ............................................................................ 93
   4.5.3 Uji Hipotesi .................................................................................... 94
       4.5.3.1 Uji Hipotesis I ........................................................................ 94
       4.5.3.2 Uji Hipotesis II ....................................................................... 95
       4.5.3.3 Uji Hipotesis III ..................................................................... 96
4.6 Pembahasan Hasil Penelitian ............................................................. 98

BAB V SIMPULAN, IMPLIKASI, DAN REKOMENDASI

5.1 Simpulan ............................................................................................... 115
5.2 Implikasi ............................................................................................... 115
5.3 Rekomendasi ......................................................................................... 116
