3.1 Pendekatan dan Jenis Penelitian ........................................................................... 47
3.2 Metode Penelitian .................................................................................................. 47
3.3 Subjek dan Objek Penelitian ................................................................................ 48
3.4 Teknik Pengumpulan Data ..................................................................................... 48
3.4.1 Pengumpulan Data Primer ................................................................................ 48
3.4.1.1 Dokumentasi .................................................................................................................. 48
3.4.1.2 Wawancara ....................................................................................................................... 48
3.4.1.3 Studi Pustaka .................................................................................................................... 48
3.4.1.4 Observasi Data Online ..................................................................................................... 48
3.5 Instrumen Penelitian ............................................................................................... 49
3.6 Teknik Analisis Data ............................................................................................... 49
3.6.1 Pengumpulan Data (Data Collection) .................................................................. 49
3.6.2 Reduksi Data (Data Reduction) .......................................................................... 49
3.6.3 Penyajian Data (Data display) .............................................................................. 50
3.6.4 Penarikan Kesimpulan ......................................................................................... 50
3.7 Uji Keabsahan Data ................................................................................................. 50
3.7.1 Triangulasi Kejujuran Peneliti ............................................................................ 50
3.7.2 Triangulasi dengan Sumber Data ....................................................................... 50
3.7.3 Triangulasi dengan Metode .................................................................................. 50
3.7.4 Triangulasi dengan Teori ..................................................................................... 50
3.7.5 Membercheck .......................................................................................................... 50
3.7.6 Lokasi dan Waktu penelitian .............................................................................. 50
3.7.1 Lokasi Penelitian .................................................................................................... 50
3.7.2 Waktu Penelitian ...................................................................................................... 50

BAB IV TEMUAN DAN PEMBAHASAN .................................................................. 51
4.1 Gambaran Umum Objek Penelitian ....................................................................... 51
4.1.1 Profil SindoNews.com ........................................................................................ 51
4.1.1.1 Logo SindoNews.com ................................................................................................. 51
4.1.2 Profil Liputan6.com ........................................... 62
4.1.2.1 Logo Perusahaan Liputan6.com ..................... 63
4.2 Hasil Analisis .................................................................. 63
4.2.1 Pembingkaian Berita 1 ............................................. 65
  4.2.1.1 Sintaks ......................................................... 66
