BAB I  PENDAHULUAN

A. Latar Belakang Penelitian .................................................................................. 1
B. Identifikasi Masalah ......................................................................................... 8
C. Rumusan Masalah ............................................................................................... 8
D. Tujuan Penelitian ................................................................................................. 9
E. Manfaat Penelitian ............................................................................................... 9
F. Struktur Organisasi Skripsi ............................................................................... 10

BAB II  LANDASAN TEORETIS

A. Pengertian Komunikasi .................................................................................... 11
B. Pengertian Hubungan Masyarakat ................................................................. 15
C. Pengertian Corporate Social Responsibility ................................................. 16
D. Penyampaian Informasi ..................................................................................... 16
E. Komunikasi Interpersonal ............................................................................... 20
F. Komunikasi Efektif ........................................................................................... 25
G. Teori Efektivitas Pesan .................................................................................... 26
H. Teori Efektivitas Komunikasi Berdimensi Ethos ......................................... 31
I. Penelitian Terdahulu ................................................................. 38

BAB III METODE PENELITIAN

A. Desain Penelitian .................................................................. 44
B. Partisipan dan Tempat Penelitian ................................. 47
C. Instrumen Penelitian ............................................................ 50
D. Prosedur Penelitian ............................................................... 52
E. Teknik Pengumpulan dan Penganalisisan Data ............ 59
   1. Teknik Pengumpulan Data ........................................... 59
   2. Teknik Penganalisisan Data ......................................... 65
F. Validitas Data ........................................................................ 68

BAB IV TEMUAN DAN PEMBAHASAN

A. Deskripsi Umum Objek Penelitian ................................. 70
   1. Deskripsi Umum Program Character Building .......... 70
   2. Deskripsi Umum Penerima Beasiswa Plus Djarum .......... 73
B. Profil Partisipan ................................................................. 75
C. Temuan Penelitian ............................................................... 76
   1. Efektivitas Pesan pada Penyampaian Informasi Program
      Character Building PT. Djarum ........................................ 76
   2. Efektivitas Komunikator pada Penyampaian Informasi
      Program Character Building PT. Djarum ...................... 94
D. Pembahasan Hasil Penelitian ............................................. 114
   1. Efektivitas Pesan pada Penyampaian Informasi Program
      Character Building PT. Djarum ...................................... 114
   2. Efektivitas Komunikator pada Penyampaian Informasi

BAB V SIMPULAN, IMPLIKASI, DAN REKOMENDASI

A. Simpulan ................................................................. 134

B. Implikasi ................................................................. 136
   1. Implikasi Teoretis .................................................. 136
   2. Implikasi Praktis .................................................... 136

C. Rekomendasi ......................................................... 137
   1. Bagi Universitas ..................................................... 137
   2. Bagi Djarum Foundation .......................................... 137
   3. Bagi Penelitian Selanjutnya ..................................... 137
