Yuka Nurfadillah Oktadjanto Nim. 1203668 Skripsi: Pengaruh Pendekatan Taktis Terhadap Hasil Pembelajaran Permainan Sepakbola Pada Siswa dan Siswi SMAN 26 Bandung. Skripsi ini dibimbing oleh: Dra. Hj. Oom Rohmah, M.Pd.

Tujuan penelitian adalah untuk mengetahui pengaruh pendekatan taktis terhadap hasil pembelajaran permainan sepakbola pada siswa dan siswi serta seberapa besar perbedaan hasil pembelajarannya. Metode penelitian yang digunakan adalah metode penelitian eksperimen. Populasi pada penelitian ini adalah siswa dan siswi kelas 11 ipa 3 di SMAN 26 Bandung dengan sampel 44 orang. Desain penelitian yang digunakan adalah pretest and posttest design dengan dua kali pengukuran. Sumber instrumen pada penelitian ini dilakukan berdasarkan alat ukur tes yang sudah ada, yaitu tes keterampilan cabang olahraga sepakbola menurut Nurhasan. Analisis statistik menggunakan SPSS 16 dengan alat uji yang digunakan ialah uji hipotesis independen sampel t-tes. Adapun hasil penghitungan dari penelitian ini diperoleh nilai signifikansi $0,0007 < 0,025$, jadi H_1 diterima. Kesimpulan; pendekatan taktis berpengaruh terhadap hasil pembelajaran permainan sepakbola siswa dan siswi serta lebih berpengaruh secara signifikan terhadap hasil pembelajaran siswi putri. Saran; perlu diadakannya publikasi pengaruh pendekatan taktis terhadap hasil pembelajaran siswa dan siswi, terutama siswi putri kepada guru penjas.

Kata kunci : Pendekatan Taktis, Hasil Pembelajaran Permainan Sepakbola, Siswa Putra dan Siswi Putri.
