DAFTAR ISI

KATA PENGANTAR ........................................................................................................ ii
ABSTRAK ..................................................................................................................... v
ABSTRACT ..................................................................................................................... vi
DAFTAR ISI .................................................................................................................. vii
DAFTAR TABEL ............................................................................................................ ix
DAFTAR LAMPIRAN ..................................................................................................... x
BAB I PENDAHULUAN ............................................................................................... 1
  1.1 Latar Belakang Masalah ....................................................................................... 1
  2.1 Rumusan Masalah ............................................................................................... 5
  3.1 Tujuan Penulisan ............................................................................................... 5
  4.1 Manfaat Penelitian ............................................................................................. 5
  5.1 Struktur Organisasi ............................................................................................ 6

BAB II KAJIAN PUSTAKA ........................................................................................... 10
  2.1 Olahraga Zumba ................................................................................................ 10
      2.1.1 Variasi Gerakan Zumba ............................................................................ 12
      2.1.2 Jenis-jenis Zumba .................................................................................... 12
      2.1.3 Manfaat Olahraga Zumba ........................................................................ 13
  2.2 Motif Berolahraga .............................................................................................. 14
      2.2.1 Faktor-faktor yang Mempengaruhi Motif .................................................. 15
      2.2.2 Jenis-jenis Motif ....................................................................................... 15
  2.3 Pengertian Stress ............................................................................................... 15
      2.3.1 Gejala Stress ............................................................................................. 17
      2.3.2 Faktor Yang Mempengaruhi Stress .......................................................... 17
      2.3.3 Sumber-sumber Stres ................................................................................ 18
  2.4 Meningkatkan Motif Berolahraga Melalui Olahraga Zumba ............................. 19

Restu Tri Oktaviani, 2018
PENGARUH OLAHRAGA ZUMBA TERHADAP PENINGKATAN MOTIF BEROLAHRAGA DAN PENURUNAN TINGKAT STRESS
Universitas Pendidikan Indonesia | repository.upi.edu | perpustakaan.upi.edu
BAB III METODE PENELITIAN .......................................................... 28

3.1 Desain Penelitian ................................................................. 28
3.2 Partisipan ........................................................................... 29
3.3 Populasi dan Sampel .......................................................... 29
3.4 Instrumen Penelitian ........................................................... 30
3.5 Prosedur Penelitian .............................................................. 33
3.6 Analisis Data ..................................................................... 37
3.7 Uji Hipotesis ...................................................................... 37

BAB IV TEMUAN DAN PEMBAHASAN ............................................. 38

4.1 Hasil Pengolahan Data .......................................................... 38
  4.1.1 Uji Normalitas Data ......................................................... 38
  4.1.2 Uji Hipotesis ................................................................. 39
4.2 Pembahasan Temuan Penelitian ............................................. 40

BAB V SIMPULAN, IMPIKASI DAN REKOMENDASI ......................... 43

5.1 Simpulan ............................................................................ 43
5.2 Implikasi dan Rekomendasi .................................................. 43
  5.2.1 Implikasi ..................................................................... 43
  5.2.2 Rekomendasi ............................................................. 43

DAFTAR PUSTAKA ........................................................................... 45

DAFTAR TABEL

Tabel 3.1 Desain One Group Pre-test Post-test Design ........................................29
Tabel 3.2 Tabel Penilaian Motivasi untuk Mengukur Aktivitas Fisik ......................31
Tabel 3.3 Hasil Uji Validitas ..................................................................................32
Tabel 3.4 Tabel Penilaian Penurunan Tingkat Stress ..............................................32
Tabel 3.5 Hasil Uji Validitas ..................................................................................33
Tabel 3.6 Program Zumba Strong ........................................................................34
Tabel 3.7 Program Zumba Fitness ........................................................................35
Tabel 4.1 Hasil Uji Normalitas ................................................................................39
Tabel 4.2 Hasil Uji Hipotesis Wilcoxon .................................................................40
Tabel 4.3 Hasil Uji Hipotesis Paired Sampel t-test .................................................40
DAFTAR LAMPIRAN

LAMPIRAN 1 Surat Keterangan Skripsi ................................................................. 49
LAMPIRAN 2 Surat Izin Tempat Penelitian ......................................................... 52
LAMPIRAN 3 Informed Consent ........................................................................ 54
LAMPIRAN 4 Kuisioner Motif Berolahraga ......................................................... 55
LAMPIRAN 5 Uji Validitas dan Reabilitas Kuisioner Motif Berolahraga .......... 58
LAMPIRAN 6 Kuisioner Tingkat Stres ................................................................. 60
LAMPIRAN 7 Uji Validitas dan Reabilitas Kuisioner Tingkat Stres ............... 64
LAMPIRAN 8 Daftar Hadir Penelitian ................................................................. 67
LAMPIRAN 9 Uji Normalitas ............................................................................. 69
LAMPIRAN 10 Uji Hipotesis Motif Berolahraga .............................................. 70
LAMPIRAN 11 Uji Hipotesis Tingkat Stres ......................................................... 72
LAMPIRAN 12 Kartu Bimbingan ....................................................................... 74
