KATA PENGANTAR .................................................................................................................. i
UCAPAN TERIMA KASIH .......................................................................................................... ii
ABSTRAK ..................................................................................................................................... v
DAFTAR TABEL ........................................................................................................................ vi
DAFTAR GRAFIK ......................................................................................................................... vii
DAFTAR BAGAN ........................................................................................................................ viii
DAFTAR MATEK ........................................................................................................................ ix

BAB I. PENDAHULUAN .............................................................................................................. 1
   A. Latar Belakang Penelitian ........................................................................................................ 1
   B. Rumusan Masalah .................................................................................................................... 13
   C. Penjelasan Istilah .................................................................................................................... 14
   D. Tujuan Penelitian .................................................................................................................... 21
   E. Manfaat Penelitian .................................................................................................................. 21
   F. Asumsi Penelitian ................................................................................................................... 22
   G. Metode Penelitian ................................................................................................................... 23
   H. Kerangka Penelitian ............................................................................................................... 24

BAB II. KONSEP DIRI DAN BIMBINGAN PRIBADI-SOSIAL .............................................. 25
   A. Konsep Diri ............................................................................................................................. 25
   B. Ketunantea ............................................................................................................................. 35
   C. Bimbingan Pribadi-Sosial ....................................................................................................... 45
   D. Program Bimbingan Pribadi-Sosial
      Berdasarkan Pendekatan Humanistik .................................................................................. 48
   E. Kerangka Teoretik Program Bimbingan Pribadi-Sosial
      Berdasarkan Profil Konsep Diri Peserta Didik ...................................................................... 53
   F. Penelitian Terdahulu .............................................................................................................. 71

BAB III. METODE PENELITIAN ............................................................................................. 72
   A. Pendekatan, Metode dan Desain Penelitian ...................................................................... 72
   B. Lokasi, Populasi dan Sampel Penelitian ............................................................................. 75
   C. Variabel dan Definisi Operasional Penelitian .................................................................... 77
   D. Pengembangan Instrumen Penelitian ................................................................................... 82
   E. Pengembangan Program .......................................................................................................... 87
   F. Teknik Analisis Data .............................................................................................................. 91
   G. Tahapan Penelitian ................................................................................................................ 98

BAB IV. HASIL PENELITIAN DAN PEMBAHASAN ................................................................ 100
   A. Hasil Penelitian ..................................................................................................................... 100
   B. Pembahasan Hasil Penelitian .............................................................................................. 124
   C. Keterbatasan Penelitian ......................................................................................................... 145

BAB V. KESIMPULAN DAN REKOMENDASI ....................................................................... 147

DAFTAR PUSTAKA ...................................................................................................................... 152
