PREFACE

All the praises and thanks to Allah SWT, the most Beneficent, the Most Merciful whose blessings have always accompanied the researcher to accomplish his study in English Education study program. This thesis is submitted as a partial fulfillment of the requirements for *Sarjana Pendidikan* degree, entitled *An Analysis of News Item in Senior High School Textbook Using Transitivity System*. As the title suggests, this study aimed at finding out to what extent the news item texts in senior high school textbook meet the characteristics of the news item text in terms of significant lexicogrammatical features; and what process types are employed in news item texts in senior high school textbook.

The researcher fully acknowledges the imperfectness this study has, hence constructive criticism and suggestions would be very appreciated. Hopefully, this study can contribute an insight in instructional resources and provide advantageous to those who are interested in news item and transitivity system.

ACKNOWLEDGEMENT

Alhamdulillah *rabbilalamin*, I would like to thank Allah SWT for the love, aid, guidance, and blessing in my life.

There were challenges and hardship in designing this thesis which without some fortune and help, would have been difficult to complete. Thus, I would like to thank everyone who contributed either directly or indirectly for the completion of this thesis.

In particular, I would like to express my sincere gratitude to my supervisors, Prof. Dr. Didi Suherdi, M.Ed. who supported me in every educational and moral aspect which without whom it was impossible to accomplish this task. Without his guidance and persistent help, this thesis would not have been possible to complete.

I would also like to show my deepest gratefulness and greatest gratitude to my beloved parents for blessing me with their vast love and endless support as well as encouragement throughout my years of study and through the process of researching and writing this thesis. Equally, for my brothers and sister who never stopped cheering for me.

Very special thanks also for my partners, Egi Fajriyandi and Verra Aprilianty who was always helpful on tough time and never stop motivate and inspire each other to finish this thesis on time. Moreover, another gratitude due to all my friends in Berhura-hura class, particularly, Dinan, Melbyansyah, Chaerul, Rafi, Ahmad, and Istihari which without their presence and laughs, everything would not be the same.
