BAB I PENDAHULUAN
1.1. Latar Belakang Masalah .......................................................................................................... 1
1.2. Batasan Masalah ...................................................................................................................... 3
1.3. Rumusan Masalah ................................................................................................................... 3
1.5. Tujuan Penelitian ................................................................................................................... 4
1.6. Manfaat Penelitian ................................................................................................................ 4

BAB II LANDASAN TEORETIS
2.1. Motivasi Belajar
2.1.1. Pengertian Motivasi .......................................................................................................... 5
2.1.2. Motivasi Belajar ................................................................................................................. 7
2.1.3. Fungsi Motivasi Belajar ................................................................................................... 10
2.1.4. Jenis-jenis Motivasi Belajar ............................................................................................ 11
2.1.5. Meningkatkan Motivasi Belajar ...................................................................................... 12
2.2. Hasil Belajar
2.2.1. Pengertian Hasil Belajar .................................................................................................. 15
2.2.2. Faktor-faktor yang Mempengaruhi Hasil Belajar .......................................................... 17
2.3. Menyimak
2.3.1. Pengertian Menyimak ...................................................................................................... 18
2.3.2. Jenis-jenis Menyimak ...................................................................................................... 20
2.3.3. Tujuan Menyimak ............................................................................................................ 20
2.3.4. Faktor-faktor yang Mempengaruhi Menyimak .............................................................. 22
2.3.5. Proses Menyimak ............................................................. 24
2.4. Kerangka Berpikir .............................................................. 25
2.5. Hipotesis ........................................................................ 26

BAB III  METODOLOGI PENELITIAN
3.1. Metode Penelitian ............................................................. 27
3.2. Variabel dan Desain Penelitian .......................................... 27
3.3. Tempat dan Waktu Penelitian ............................................ 28
3.4. Populasi dan Sampel Penelitian .......................................... 28
3.5. Instrumen Penelitian ........................................................... 28
3.6. Teknik Analisis Data ............................................................ 29
3.7. Hipotesis Statistik ............................................................... 30

BAB IV  HASIL PENELITIAN DAN PEMBAHASAN
4.1. Deskripsi Hasil Penelitian .................................................. 32
4.2. Uji Persyaratan Analisis ...................................................... 33
   4.2.1. Uji Validitas Data X dan Y ........................................... 33
   4.2.2. Homogenitas Varians Data X dan Y ............................ 33
   4.2.3. Uji Normalitas Data X dan Y ........................................ 34
4.3. Analisis Data ..................................................................... 34
4.4. Pengujian Hipotesis ............................................................ 36
4.5. Pembahasan Hasil Penelitian .............................................. 37

BAB V  KESIMPULAN DAN SARAN
5.1. Kesimpulan ...................................................................... 40
5.2. Saran ................................................................................ 40
