DAFTAR ISI

ABSTRAK .............................. i

KATA PENGANTAR ........................ ii

UCAPAN TERIMA KASIH ........................ iii

DAFTAR ISI ............................... v

DAFTAR SIMBOL ............................ vii

BAB 1 PENDAHULUAN .......................................................... 1

1.1 Latar Belakang Masalah .................................................. 1
1.2 Rumusan Masalah ....................................................... 3
1.3 Tujuan Penelitian ....................................................... 3
1.4 Manfaat Penelitian ..................................................... 3
1.5 Sistematika Penulisan ................................................... 4

BAB 2 FUNGSI MONOTON OPERATOR .................................. 5

2.1 Kemonotonan ............................................................... 5
2.2 Kekonvexan dan Kekonkavan ........................................ 6
2.3 Fungsi Monoton Operator ............................................... 11

BAB 3 FUNGSI RATA-RATA PETZ-HASEGAWA .................. 22

3.1 Fungsi Rata-Rata ........................................................... 22
3.2 Sifat-sifat Rata-Rata .................................................... 24
  3.2.1 Simetris ................................................................. 24
  3.2.2 Homogen ............................................................. 24
  3.2.3 Simetris-Homogen .................................................. 26
  3.2.4 Kuat ................................................................... 26
3.3 Fungsi Petz-Hasegawa .................................................... 27
3.4 Fungsi Rata-rata Petz-Hasegawa ..................................... 28
3.5 Sifat Internalitas ........................................................... 31
3.6 Kaitan Fungsi Petz-Hasegawa dengan Fungsi Monoton Operator ..... 37
BAB 4 PENUTUP.........................................................................................................43

4.1 Kesimpulan ........................................................................................................43
4.2 Rekomendasi .......................................................................................................43
