PREFACE

Bismillahirrahmanirrahim,

All praises to Allah Subhanahu wata’ala the almighty that has been bestowing His blessings, guidance, and graces so that the accomplishment of master thesis entitled, “PROFIL PARTISIPASI SISWA KELAS 8 DALAM PEMBELAJARAN STEM BERBASIS PROYEK” can be conducted well and smoothly. Shalawat and salam may always be devoted to the Great Prophet Muhammad Shalalahualaihi wassalam, to all his families, relatives, and also to all Muslims in the world.

This master thesis is the last requirement for all university students in education development department to finish their study and obtain master degree, and it goes the same to Graduate School of Science Education. Moreover, this master thesis is a platform implements all knowledge during two years education in university. To finish this master thesis, the author had to propose a research and conduct it as well. This master thesis is consisting of background, problem, theories, research methodology, result and analysis of data result, and the conclusion of whole thesis paper.

However, the perfection only belongs to the Almighty God, Allah Subhanahu wata’ala, as to realize that this thesis paper still has a lot more work to do. Therefore, comments and suggestions are very welcomed and appreciated in order to improve the quality of learning in the future. Hopefully, the result presented in this thesis paper can be useful for all readers respectively as a reading source and reference.

Hiroshima-Japan,
August 2018

ACKNOWLEDGEMENT
The completion of this thesis paper is not spared from the help of many parties in many ways to the author, therefore in this occasion the author would like to express deepest gratitude and highest appreciation.

Foremost, to my main supervisor Professor Dr. Anna Permanasari, M.Si., thank you for all encourages and inspires me to finish everything well and always nurtures in many aspects of education, thank you for the time, support and easiness you gave and for all advices. Likewise, to my second supervisor Dr. Diana Rochintaniawati, M.Ed., much gratitude and respect sent to you, thank you so much for your encourages and inspires me to finish everything well, motivate me, and always believe for I did along the way even since I was in bachelor degree. Without their guidance and persistence help, this thesis paper would not have been possible to be finished.

My sincere thanks also devotes to all sensei in the Graduate School for International Development and Cooperation, thank you for directly or indirectly inspired me about how to be a good person in life beside to be a good educator. Also for SPS staffs office, thank you for your patient in helping, gave information to us and willingness to help us in finishing administration on academicals business.

Special thanks go to all my graduate friends in IPA B class and all my lab member in Hiroshima. In addition i am most grateful to headmaster, all teachers, and students in one of school in Lembang-West Java, Indonesia for their participation in this research.

I also wish to express my love and gratitude to my beloved friends which is already felt as a family under Double Degree Program (Dini san, Mutiara san, Novtryananda san, and Ghyna san) thank you for always support each other during our study in Japan.

At least, particular thanks must go to Universitas Pendidikan Indonesia that has given scholarship for completion of my study in Japan and also give the opportunity for me to join double degree program between Hiroshima University and Universitas Pendidikan Indonesia.
I dedicated my master thesis for my parents, Abah Encop Suparto and Mamah Enung Nuraeni. Thank you for always pray for me, trust me, support me, and love me no matter what. This also dedicated for my younger brother Muhammad Salman Ibnu Safari, hope you can be motivated to pursue your dreams by looking at this. Then my older Sister Annisa Siti Rengganis, thanks for always become an angel for me. The last, thanks go to my fiance, dear Fauzi Nur Hidayat, thank you for always faithfully waiting for me in Indonesia, cheering me up, and coloring my life.

I also place on record, my sense of gratitude to one and all who directly or indirectly have lent their helping hand in this master thesis accomplishment, I am indebted. May all helps kindness that have been giving will be rewarded more by God, Allah Subhanahu wata’ala. Aamiin.
