BAB III METODOLOGI PENELITIAN .......................................................... 37
A. Metode Penelitian ................................................................................... 37
B. Desain Penelitian ................................................................................... 37
C. Populasi dan Sampel Penelitian ............................................................ 38
1. Populasi Penelitian ........................................................................... 38
2. Sampel Penelitian ............................................................................. 39
D. Instrumen Penelitian ........................................................................... 39
E. Teknik Pengolahan Data Miskonsepsi .................................................... 39
F. Teknik Pengolahan Data Menggunakan Uji Tanda ................................... 40
G. Prosedur Penelitian ............................................................................. 41
1. Tahap Persiapan Penelitian .............................................................. 41
2. Tahap Pelaksanaan Penelitian .............................................................. 42
3. Tahap Akhir ...................................................................................... 43

BAB IV HASIL PENELITIAN DAN PEMBAHASAN.............................. 45
A. Validasi Instrumen ............................................................................... 45
B. Deskripsi dan Analisis Data Tiap Butir Soal .......................................... 46
C. Analisis Statistik Uji Tanda ................................................................... 67
D. Pembahasan Hasil Penelitian ............................................................... 73

BAB V KESIMPULAN DAN SARAN ......................................................... 76
A. Kesimpulan ............................................................................................ 76
B. Saran ..................................................................................................... 77
