DAFTAR ISI ...........................................................................................................iii
DAFTAR TABEL ........................................................................................................v
DAFTAR GAMBAR ....................................................................................................vi
DAFTAR DIAGRAM ..................................................................................................vii
DAFTAR LAMPIRAN ....................................................................................................viii

BAB I PENDAHULUAN ..............................................................................................1
A. Latar Belakang Masalah ..................................................................................1
B. Rumusan Masalah ............................................................................................4
C. Hipotesis Tindakan ..........................................................................................5
D. Tujuan Penelitian .............................................................................................5
E. Manfaat Penelitian ..........................................................................................6
F. Definisi Operasional .........................................................................................6

BAB II KAJIAN PUSTAKA ......................................................................................8
A. Konsep Model Pembelajaran Kooperatif TGT dalam Pembelajaran ..............8
B. Konsep Dasar Matematika di Sekolah Dasar dengan Materi Bangun
   Ruang di kelas V Sekolah Dasar ...................................................................15
C. Konsep Hasil Belajar ......................................................................................27

BAB III METODOLOGI PENELITIAN ...................................................................30
A. Metode Penelitian ..........................................................................................30

DEA LATHIFAH, 2013
Penerapan Model Pembelajaran Cooperatif Tipe TET pada Materi Bangun ruang Untuk
Meningkatkan Hasil Belajar Siswa
Universitas Pendidikan Indonesia | repository.upi.edu
B. Model Penelitian ........................................................................................................... 30
C. Subjek Penelitian ........................................................................................................ 31
D. Prosedur Penelitian ..................................................................................................... 31
E. Instrumen Penelitian .................................................................................................... 35
F. Pengolahan Data dan Analisis Data ............................................................................ 36

BAB IV HASIL PENELITIAN DAN PEMBAHASAN ........................................... 39
A. Hasil Penelitian ........................................................................................................... 39
B. Pembahasan ................................................................................................................. 71

BAB V SIMPULAN DAN REKOMENDASI ......................................................... 79
A. Simpulan ..................................................................................................................... 79
B. Rekomendasi ............................................................................................................... 80

RIWAYAT HIDUP

DEA LATIFAH, 2013
Penerapan Model Pembelajaran Cooperatif Tipe TET pada Mteri Bangun ruang Untuk
Meningkatkan Hasil Belajar Siswa
Universitas Pendidikan Indonesia | repository.upi.edu
DAFTAR TABEL

1.1 Nilai UTS Kelas V SDN 1 Langensari Semester Genap 2012/2013........... 2
2.1 Tingkatan Penghargaan Turnamen................................................................. 12
4.1 Nilai LKS dalam Pembelajaran Kooperatif Tipe TGT Tindakan Pertama
Siklus I......................................................................................................................... 43
4.2 Nilai LKS dalam Pembelajaran Kooperatif Tipe TGT Tindakan Kedua
Siklus I......................................................................................................................... 43
4.3 Hasil Perolehan Skor Kelompok Tindakan Pertama Siklus I......................... 45
4.4 Hasil Perolehan Skor Kelompok Tindakan Kedua Siklus I............................... 46
4.5 Kategori Penentuan Tingkatan Penghargaan.................................................. 47
4.6 Hasil Post-Test Siklus I....................................................................................... 49
4.7 Nilai LKS dalam Pembelajaran Kooperatif Tipe TGT Tindakan Pertama
Siklus II......................................................................................................................... 55
4.8 Nilai LKS dalam Pembelajaran Kooperatif Tipe TGT Tindakan Kedua
Siklus II......................................................................................................................... 55
4.9 Hasil Perolehan Skor Kelompok Tindakan Pertama Siklus II.......................... 57
4.10 Hasil Perolehan Skor Kelompok Tindakan Kedua Siklus II.............................. 58
4.11 Kategori Penentuan Tingkatan Penghargaan.................................................. 59
4.12 Hasil Post-Test Siklus II....................................................................................... 61
4.13 Nilai LKS dalam Pembelajaran Kooperatif Tipe TGT Siklus III..................... 66
4.14 Hasil Perolehan Skor Kelompok pada Siklus III............................................... 67
4.15 Kategori Penentuan Tingkatan Penghargaan.................................................. 68
4.16 Hasil Post-Test Siklus III.................................................................................... 69
4.17 Rekapitulasi Hasil Belajar Siswa................................................................. 71

DEA LATHIFAH, 2013
Penerapan Model Pembelajaran Cooperatif Tipe TET pada Materi Bangun ruang Untuk
Meningkatkan Hasil Belajar Siswa
Universitas Pendidikan Indonesia | repository.upi.edu
DAFTAR GAMBAR

2.1 Bagan Penempatan Peserta pada Meja Turnamen.............................................. 11
2.2 Macam-macam Bangun Ruang............................................................................. 19
2.3 Bangun Ruang Kubus......................................................................................... 20
2.4 Jaring-jaring Kubus.............................................................................................. 20
2.5 Bangun Ruang Balok............................................................................................. 21
2.6 Jaring-jaring Balok................................................................................................. 21
2.7 Bangun Ruang Prisma segitiga.............................................................................. 22
2.8 Jaring-jaring Prisma segitiga.................................................................................. 22
2.9 Bangun Ruang Prisma segiempat........................................................................ 22
2.10 Bangun Ruang Prisma segilima.......................................................................... 23
2.11 Bangun Ruang Limas segitiga.............................................................................. 23
2.12 Bangun Ruang Limas segiempat........................................................................... 24
2.13 Jaring-jaring Limas segiempat............................................................................ 24
2.14 Bangun Ruang Limas segilima............................................................................ 25
2.15 Bangun Ruang Tabung.......................................................................................... 25
2.16 Jaring-jaring Tabung............................................................................................ 25
2.17 Bangun Ruang Kerucut......................................................................................... 26
2.18 Jaring-jaring Kerucut............................................................................................ 26
3.1 Gambar Desain Model PTK Kemmis dan Mc. Taggart............................................ 31
DAFTAR DIAGRAM

4.1 Persentase Ketuntasan Belajar Siklus I..................................................49
4.2 Persentase Ketuntasan Belajar Siklus II..................................................61
4.3 Persentase Ketuntasan Belajar Siklus III..................................................70
4.4 Rekapitulasi Rata-rata Nilai Hasil Belajar Siswa.......................................72
4.5 Rekapitulasi Ketuntasan Belajar Siswa....................................................72
DAFTAR LAMPIRAN

Lampiran A  Perangkat Pembelajaran
A.1.a  Rencana Pelaksanaan Pembelajaran Siklus I................................. 1
A.1.b  Rencana Pelaksanaan Pembelajaran Siklus II................................. 9
A.1.c  Rencana Pelaksanaan Pembelajaran Siklus III................................ 18
A.2.a  Lembar Kerja Siswa Siklus I.............................................................. 23
A.2.b  Lembar Kerja Siswa Siklus II............................................................. 27
A.2.c  Lembar Kerja Siswa Siklus III............................................................. 31

Lampiran B  Instrumen Penelitian
B.1.a  Lembar Observasi Aktivitas Guru dan Siswa dalam Model Pembelajaran Kooperatif tipe TGT Siklus I........................................ 33
B.1.b  Lembar Observasi Aktivitas Guru dan Siswa dalam Model Pembelajaran Kooperatif tipe TGT Siklus II................................. 37
B.1.c  Lembar Observasi Aktivitas Guru dan Siswa dalam Model Pembelajaran Kooperatif tipe TGT Siklus III................................. 41
B.2.a  Kisi-kisi Tes Siklus I........................................................................ 43
B.2.b  Kisi-kisi Tes Siklus II...................................................................... 49
B.2.c  Kisi-kisi Tes Siklus III..................................................................... 51
B.3.a  Soal Tes Siklus I............................................................................... 53
B.3.b  Soal Tes Siklus II........................................................................... 55
B.3.c  Soal Tes Siklus III........................................................................... 56
B.4  Daftar Kelompok.................................................................................. 57
B.5 Soal Games/Turnamen Akademik .............................................. 58

Lampiran C Surat Izin Penelitian ...................................................... 82
