PERNYATAAN ........................................................................................................ i

ABSTRAK ................................................................................................................ ii

KATA PENGANTAR ................................................................................................ iii

UCAPAN TERIMAKASIH ....................................................................................... iv

DAFTAR ISI ........................................................................................................... vi

DAFTAR TABEL .................................................................................................... ix

DAFTAR LAMPIRAN ............................................................................................ x

BAB I PENDAHULUAN

A. Latar Belakang ........................................................................................................ 1
B. Fokus Penelitian .................................................................................................... 4
C. Tujuan dan Kegunaan Penelitian ......................................................................... 4

D. Struktur Organisasi Skripsi .................................................................................. 6

BAB II KAJIAN TEORITIS

A. Konsep Dasar Ketunarunguan ........................................................................... 8
   1. Pengertian Tunarungu ....................................................................................... 8
   2. Klasifikasi Tunarungu ..................................................................................... 9
   3. Dampak Ketunarunguan ................................................................................ 12

B. Tunarungu dengan Hambatan Majemuk ............................................................ 13
   1. Tunarungu dengan Hambatan Majemuk ......................................................... 13
   2. Tunarungu – Tunanetra /Low vision ................................................................. 15
   3. Tunarungu - Tunagrahita .............................................................................. 16

C. Konsep Dasar Kosakata ..................................................................................... 17
   1. Pengertian Kosakata ....................................................................................... 17
   2. Jenis Kosakata .................................................................................................. 18

R.PRANINDITA TRITIYA KYATISARI, 2013
KEMAMPUAN PEMAHAMAN KOSAKATA SISWA TUNARUNGU DENGAN HAMBATAN MAJEMUK DI SLB BC PAMBUA DARMA 2 CIMahi
Universitas Pendidikan Indonesia | repository.upi.edu

vi
BAB III METODE PENELITIAN
A. Subjek dan Lokasi Penelitian ............................................................. 28
B. Metode Penelitian ........................................................................... 29
C. Teknik danInstrumen Pengumpulan Data ............................................. 30
D. Pengujuan Keabsahan Data ............................................................... 32
E. Teknik Analisis Data ........................................................................ 33

BAB IV HASIL PENELITIAN DAN PEMBAHASAN
A. Hasil Penelitian ................................................................................ 34
1. Kemampuan Pemahaman Kosakata Dasar Siswa Tunarungu- Low vision .......................................................... 34
2. Kemampuan Pemahaman Kosakata Dasar Siswa Tunarungu -Tunagrahita ................................................................. 40

R.PRANINDITA TRITIYA KYATISARI, 2013
KEMAMPUAN PEMAHAMAN KOSAKATA SISWA TUNARUNGU DENGAN HAMBATAN MAJEMUK DI SLB BC PAMBUA DARMA 2 CIMahi
