DAFTAR ISI

ABSTRAK ..........................................................................................................i
KATA PENGANTAR …............................................................ii
UCAPA TERIMAKASIH ............................................................................. iii
DAFTAR ISI....................................................................................................... ix
DAFTAR TABEL ...............................................................................................xiii
DAFTAR LAMPIRAN .......................................................................................xiv

BAB I PENDAHULUAN

A. Latar Belakang Masalah .................................................................1
B. Identifikasi Masalah ........................................................................8
C. Batasan masalah .............................................................................9
D. Rumusan Masalah ............................................................................9
E. Tujuan Penelitian ............................................................................10
F. Manfaat Penelitian ..........................................................................10

BAB II TINJAUAN TEORI, KERANGKA BERFIKIR DAN HIPOTESIS TINDAKAN

A. Tinjauan Teori ......................................................................................12
   1. Hakikat Pembelajaran Aktivitas Permainan Bolatangan ..............12
      a. Komponen Pembelajaran Aktivitas Permainan Bolatangan ......19
         1) Tujuan Pembelajaran ..........................................................19
         2) Materi/Bahan Pembelajaran ..............................................23
         3) Pendekatan/model,Strategi dan Model pembelajaran ......25
         4) Evaluasi .................................................................29
b. Teknik Dasar Permainan Bolatangan ........................................ 31
  a) Keterampilan Lokomotor Khusus ......................................... 31
  b) Menangkap Bola ............................................................... 32
  c) Mengoper Bola (Passing) .................................................. 32
  d) Menggiring Bola (Dribbling) ............................................. 33
  e) Menembak (Shooting) ....................................................... 33

2. Hakikat Peer Teaching ............................................................ 33

3. Penelitian Tindakan Kelas ....................................................... 38

4. Konsep Waktu Aktif Belajar (JWAB) ....................................... 43

B. Kerangka Berfikir ................................................................. 44

C. Hipotesis Tindakan ............................................................... 45

BAB III METODOLOGI PENELITIAN

A. Tujuan operasional Penelitian ................................................... 46

B. Tempat dan waktu Penelitian ................................................... 46
  1. Tempat Penelitian ........................................................... 46
  2. Waktu penelitian ............................................................. 46

C. Fokus Penelitian ................................................................. 47

D. Metode Penelitian ............................................................... 47

E. Langkah-Langkah Penelitian ................................................... 48
  a. Observasi Awal ............................................................. 49
  b. Perencanaan ................................................................. 49
  c. Pelaksanaan Tindakan .................................................... 50
  d. Refleksi ................................................................. 50
F. Data dan Cara Pengembaliannya ...........................................................51
G. Teknik Analisis Data ..............................................................................52

BAB IV HASIL PENELITIAN

A. Deskripsi Latar Penelitian ......................................................................54
B. Permasalahan yang Teridentifikasi ........................................................55
C. Perencanaan ............................................................................................57
1. Uraian Tindakan I ..................................................................................64
   a. Perencanaan Tindakan I .................................................................64
   b. Pelaksanaan Tindakan I .................................................................65
   c. Analisa Observasi dan Refleksi .......................................................67
2. Uraian Tindakan II .................................................................................69
   a. Perencanaan Tindakan II .................................................................69
   b. Pelaksanaan Tindakan .................................................................70
   c. Analisa Observasi dan Refleksi .......................................................71
3. Uraian Tindakan III ................................................................................74
   a. Perencanaan Tindakan III ...............................................................74
   b. Pelaksanaan Tindakan III ...............................................................75
   c. Analisa Observasi dan Refleksi .......................................................76
4. Uraian Tindakan IV ................................................................................78
   a. Perencanaan Tindakan IV ...............................................................78
   b. Pelaksanaan Tindakan IV ...............................................................79
   c. Analisa Observasi dan Refleksi .......................................................81
D. Pembahasan Hasil Penelitian .................................................................82
E. Temuan Hasil Penelitian .................................................................86

BAB V KESIMPULAN DAN SARAN

A. Kesimpulan ...................................................................................88
B. Saran ............................................................................................89

DAFTAR LAMPIRAN

Lampiran:

A. Rencana Pelaksanaan Pembelajaran Bolatangan.

B. Tugas-Tugas Tutor

D. Catatan lapangan dan Format Observasi Jumlah Waktu Aktif belajar Siswa Dalam Garis Waktu.

E. SK Pembimbing Skripsi.

F. Surat Izin Penelitian.

G. Bimbingan Skripsi

H. Foto-Foto Penelitian.

I. Daftar Riwayat Hidup.
