ABSTRAK ............................................................................................................................... ii
KATA PENGANTAR ................................................................................................................ iii
UCAPAN TERIMA KASIH ......................................................................................................... iv
DAFTAR ISI ............................................................................................................................. vi
DAFTAR TABEL ...................................................................................................................... viii
DAFTAR GAMBAR ................................................................................................................ ix
DAFTAR LAMPIRAN ............................................................................................................... x

BAB I PENDAHULUAN
A. Latar Belakang Penelitian ................................................................................................. 1
B. Identifikasi dan Rumusan Masalah .................................................................................. 6
   1. Identifikasi Masalah ......................................................................................................... 6
   2. Rumusan Masalah .......................................................................................................... 6
   3. Batasan Masalah ........................................................................................................... 6
   4. Variabel Penelitian ....................................................................................................... 7
   5. Definisi Operasional ..................................................................................................... 7
C. Tujuan Penelitian ............................................................................................................. 8
D. Manfaat Penelitian .......................................................................................................... 9
E. Struktur Organisasi Skripsi ............................................................................................ 9

BAB II STRATEGI PROBLEM SOLVING DENGAN READING INFUSION
   DAN KETERKAITANNYA DENGAN PRESTASI BELAJAR
A. Pembelajaran Problem Solving ......................................................................................... 10
B. Reading Infusion .............................................................................................................. 15
C. Prestasi Belajar ................................................................................................................ 19
D. Kaitan Strategi Problem Solving dengan Reading Infusion dan Prestasi Belajar ........ 22

BAB III METODE PENELITIAN

Melya Dwi Gardiantari, 2013
Penerapan strategi pembelajaran problem solving dengan reading infusion untuk meningkatkan prestasi belajar siswa SMP.
Universitas Pendidikan Indonesia | repository.upi.edu
DAFTAR TABEL

Tabel

2.1 Tahapan Membaca dengan Teknik SQ3R .................................................. 18
2.2 Kaitan Reading Infusion dengan Teknik SQ3R dan Prestasi Belajar yang Dapat Tergali .............................................................. 22
2.3 Kaitan Strategi Problem Solving dan Prestasi Belajar yang Dapat Tergali .............................................................. 23

3.1 Desain Penelitian ................................................................................... 24
3.2 Interpretasi Validitas Butir Soal ................................................................ 30
3.3 Interpretasi Reliabilitas Tes ..................................................................... 31
3.4 Interpretasi Tingkat Kesukaran ................................................................. 32
3.5 Interpretasi Daya Pembeda ..................................................................... 33
3.6 Rekapitulasi Validitas, Tingkat Kesukaran, dan Daya Pembeda Tiap Butir Soal .............................................................. 33
3.7 Interpretasi Nilai Gain yang Dinormalisasi ................................................ 36
3.8 Klasifikasi Persentase Keterlaksanaan Pembelajaran ......................... 37

4.1 Rekapitulasi Hasil Observasi Keterlaksanaan Strategi Problem Solving .................................................................................. 41
4.2 Data Hasil Tes Prestasi Belajar Siswa ..................................................... 43
4.3 Data Hasil Tes Prestasi Belajar Tiap Aspek Kognitif ................................ 44

Melya Dwi Gardiantari, 2013
Penerapan strategi pembelajaran problem solving dengan reading infusion untuk meningkatkan prestasi belajar siswa SMP.
Universitas Pendidikan Indonesia | repository.upi.edu
DAFTAR GAMBAR

Gambar

3.1 Alur Penelitian .............................................................................................................. 27

4.1 Diagram Persentase Keterlaksanaan Strategi Problem Solving ......................... 41
4.2 Diagram Peningkatan Prestasi Belajar Siswa ............................................................... 43
4.3 Diagram Rata-Rata Skor Prestasi Belajar Siswa Tiap Aspek Kognitif ................. 44
4.4 Diagram Skor N-Gain Prestasi Belajar Siswa Tiap Aspek Kognitif ...................... 46
DAFTAR LAMPIRAN

Lampiran
A. Perangkat Pembelajaran .................................................................56
   A.1. Rencana Pelaksanaan Pembelajaran .......................................57
   A.2. Skenario Pembelajaran ..........................................................60
   A.3. Lembar Kegiatan Siswa .......................................................76
   A.4. Artikel Bacaan .....................................................................90
B. Instrumen Penelitian .....................................................................105
   B.1. Kisi-Kisi Instrumen Tes Prestasi Belajar .................................106
   B.2. Instrumen Tes Prestasi Belajar ..............................................117
   B.3. Lembar Observasi Keterlaksanaan Pembelajaran ....................122
   B.4. Lembar Observasi Keterlaksanaan Kegiatan Reading Infusion ....124
C. Analisis Uji Coba Instrumen .........................................................125
   C.1. Hasil Analisis Uji Coba Soal Tes Prestasi Belajar .....................126
   C.2. Lembar Judgment Instrumen Tes Prestasi Belajar ......................128
D. Analisis Hasil Penelitian .............................................................134
   D.1. Distribusi Skor Pretest dan Posttest Prestasi Belajar Siswa ........135
   D.2. Skor N-gain Tes Prestasi Belajar Siswa ................................137
   D.3. Hasil Analisis Keterlaksanaan Pembelajaran dan Keterlaksanaan
        Kegiatan Reading Infusion ....................................................140
E. Dokumentasi Penelitian ...............................................................141
   E.1. Data Studi Pendahuluan .......................................................142
   E.2. Dokumen Penelitian ............................................................149
   E.3. Foto-Foto Penelitian ............................................................155
