DAFTAR ISI

ABSTRAK .......................................................................................................................... i
KATA PENGANTAR .................................................................................................................. ii
DAFTAR ISI ............................................................................................................................ v
DAFTAR TABEL ....................................................................................................................... viii
DAFTAR GAMBAR .................................................................................................................. ix
BAB I PENDAHULUAN ........................................................................................................ 1
  1.1. Latar Belakang Masalah ................................................................................................. 1
  1.2. Rumusan Masalah .......................................................................................................... 4
  1.3. Pembatasan Masalah ..................................................................................................... 4
  1.4. Tujuan dan Manfaat Penelitian .................................................................................. 5
      1.4.1. Tujuan Penelitian .................................................................................................. 5
      1.4.2. Manfaat Penelitian .............................................................................................. 6
  1.5. Sistematika Penulisan ................................................................................................... 6
  1.6. Lokasi dan Sampel Penelitian ................................................................................... 7

BAB II LANDASAN TEORI .................................................................................................. 8
  2.1. Model Pembelajaran ...................................................................................................... 8
  2.2. Pembelajaran Berbasis Proyek (Project Based Learning) ........................................ 9
      2.2.1. Teori Belajar Kontrukтивisme .............................................................................. 9
      2.2.2. Konsep Dasar Project Based Learning ................................................................. 15
      2.2.3. Tahapan Proses Pelaksanaan Project Based Learning ................................. 20
      2.2.4. Kompetensi yang dikembangkan dalam Proect Based Learning 24
      2.2.5. Strategi Pembelajaran Berbasis Proyek .............................................................. 25
2.3. Belajar dan Hasil Belajar ................................................................. 30

2.4. Tujuan Umum Program Diklat Memprogram Peralatan Sistem
Pengendali Elektronik yang berkaitan dengan I/O berbantuan
PLC dan Komputer ............................................................................ 36

2.5. Penelitian Tindakan Kelas ............................................................ 37

2.6. Hipotesis Penelitian ..................................................................... 41

BAB III METODOLOGI PENELITIAN ................................................. 42

3.1. Metode Penelitian ................................................................. 42

3.2. Lokasi Dan Subjek Penelitian .................................................. 45

3.3. Instrumen Penelitian ............................................................... 46

3.4. Prosedur Penelitian ................................................................. 47

3.5. Indikator Kinerja (Kriteria Keberhasilan) .................................... 49

3.6. Teknik Pengolahan dan Analisis Data ......................................... 50

3.7. Validitas Data ............................................................................ 53

BAB IV HASIL PENGUKURAN DAN PEMBAHASAN ...................... 56

4.1. Observasi Awal ...................................................................... 56

4.1.1. Profil Awal Pembelajaran ......................................................... 56

4.1.2. Refleksi .................................................................................. 57

4.2. Proses dan Hasil Tindakan ........................................................ 58

4.2.1. Pengenalan dan Validasi model Project Based Learning ........ 58

4.2.2. Deskripsi Hasil Pelaksanaan Tindakan Pembelajaran
Model Project Based Learning ......................................................... 60

4.3. Analisis sikap siswa terhadap penerapan Model
Pembelajaran Berbasis Poyek .............................................................. 107
4.4. Analisis Kesan dan Tanggapan Siswa dan Guru ................................. 109

4.4.1. Analisis Kesan dan Tanggapan Guru................................................. 109

4.4.2. Analisis Kesan dan Tanggapan Siswa................................................. 111

4.5. Pembahasan Hasil Penelitian ................................................................. 113

BAB V KESIMPULAN DAN SARAN ............................................................... 120

5.1. Kesimpulan ................................................................................................ 120

5.2. Saran ........................................................................................................... 122
